THE SURPRISE ADVANTAGE

Privacy Policy

PENDING-OWNER: DRAFT for review by Phillip, his broker and counsel. Not final until approved. Effective date: October 15, 2026. Last updated: October 15, 2026.

This policy explains what information The Surprise Advantage website collects, how it is used, and the choices you have. The site is operated by Phillip Williams, a licensed Arizona real estate agent with eXp Realty (Phillip Williams Real Estate Group), 16165 N 83rd Avenue, Peoria, AZ 85382.

What we collect

- **What you type into a form:** your name, email address and mailing address (to send a book you request), the topics you choose (buying, selling, relocating, investing), and any optional message.
- **Booking a conversation:** your name, email, phone number, the time you pick, and anything you add to the booking form.
- **Your choices:** each permission you give or decline, and the date you gave it.
- **Where you came from:** the page or campaign (for example a QR code on the book) that brought you to a form, and the date you submitted it.
- **Email activity:** if you receive our emails, we may see whether a link was clicked.
- **Replies:** anything you send us by email or text.

This site does not currently use advertising cookies, tracking pixels or analytics. If that changes, this policy will be updated first.

How we use it

- Your name and address: to mail the book you asked for and send a delivery confirmation.
- Your email: only for what you separately agreed to, such as follow-up emails from Phillip after you request the book, or the monthly market update.
- Your topics: to send relevant material. Choosing a topic is never treated as permission to market to you.
- Booking details: to hold and confirm the conversation you scheduled. Booking a conversation is not permission for marketing emails or texts.

The Reader Guide (AI chat)

The Reader Guide is an automated AI tool, not a person and not an eXp agent. When you ask it a question, your question is sent to a third-party AI model through our website platform to produce an answer. Please do not enter personal, financial or contact details. The conversation is saved only in your own web browser, and you can clear it at any time with the clear button. To prevent abuse we keep anonymous usage counters tied to a scrambled (hashed) version of your network address, which cannot be used to identify you and is deleted regularly. We do not use the Reader Guide to collect contact information or to send marketing. PENDING-OWNER: confirm with the AI provider where questions are processed and whether they are stored or used for training, and confirm the final wording with eXp.

Email messages

Every email permission is a separate checkbox that starts unticked. Every email includes an unsubscribe link, and we also honor unsubscribe requests sent to us directly. Opting out stops all marketing emails from us.

Text messages (SMS)

You will receive text messages from us only if you have explicitly opted in, and we keep a dated record of that choice. Texts, if you choose to receive them, relate to the book you requested, appointment reminders, and replies to your questions. We do not send promotional texts without your separate consent. We follow the Telephone Consumer Protection Act (TCPA) and other applicable laws.

- **Stop:** reply STOP at any time. You will get one confirmation and no further texts unless you opt in again. Opt-outs are processed immediately.
- **Help:** reply HELP, or contact us at (623) 292-3737 or phillip.a.williams@exprealty.com.
- **Frequency:** varies with your requests and interactions.
- **Costs:** standard message and data rates may apply. Carriers are not liable for delayed or undelivered messages.

We do not share text-message opt-in information, phone numbers or consent records with any third party or affiliate for marketing or promotional purposes. Our messaging provider and carriers handle this information only to deliver the messages you asked for.

Who handles your information

We do not sell your information. We use service providers to run this site and our communications, and they may handle your information only for those purposes:

- HighLevel, the customer-relationship system that stores your contact record and sends our emails, texts and booking confirmations.
- Google, if you book a conversation (calendar and video-call links).
- PENDING-OWNER: name the website hosting provider once chosen.
- Amazon and shipping carriers, who may print, pack and deliver the book to the address you give us.

Your information stays with Phillip. We do not share it with eXp Realty or any other brokerage for marketing. If you become a client, the information needed for your transaction is shared with the brokerage, which keeps transaction records as the law and its rules require. We share it for no other reason.

We may also disclose information when the law requires it or to protect against fraud or abuse.

How long we keep it

We keep your information until you ask us to delete it, or for 24 months after your last interaction with us, whichever comes first. If you become a client, records of the transaction are kept as the law and brokerage record-keeping rules require.

Your choices and rights

You can unsubscribe, ask to see what we hold about you, ask us to correct it, or ask us to delete it, at any time. Email phillip.a.williams@exprealty.com. We may keep a minimal record that you opted out so we honor it. Depending on where you live, you may have additional rights under state law.

Security

We use reasonable safeguards, including encrypted connections and limiting access to our systems. No method of sending or storing information is perfectly secure.

Children

This site is for adults. We do not knowingly collect information from anyone under 18.

Changes

If we change this policy we will update the date above. Material changes will be described on this page.
